

Definition of Done Checklists

Product/Team name: Gym Essentials

Date: 7/21/2023

DoD Checklist for Sprint Tasks:

- ☐ Code is checked into Github repository and developed on the correct branch
- ☐ Code reviewed for standards compliance (MVC pattern is maintained)
- ☐ Code reviewed by at least one *other* team member
- ☐ Code is tested by at least one *other* team member
- ☐ Non-functional tests (e.g. usability, performance) passed
- ☐ After all tests pass, branch is merged into master

DoD Checklist for User Stories:

- ☐ All tasks for user story are done (their associated DoD checklists are done)
- ☐ Test plan is performed and passed for all acceptance criteria
- ☐ All test results are documented and any bugs are added to the product backlog
- ☐ Inspected and accepted by Product Owner
- ☐ Any necessary documentation is updated
- ☐ After all tests pass, master branch is merged into main
